*OCTV hosted it's first community event March 23rd with a fun-filled painting party. The event was free to the public and consisted of local painters sharing their talents and inspirations . Professional artists Margo Van Horn, Sinister and Karey Collins were available to offer constructive advice. The party was capped off with plenty of food and beverage. OCTV even video- taped the gathering and aired it on our **Charter 97** channel.*

Launching New Community Events

OCTV will be hosting a PAINT PARTY March 23rd, a BRIDAL EXPO on April 20th, POLICE WEEK TRIBUTE on May 11th and an OPEN HOUSE June 29th. Open to the public.

More Sports Coverage

OCTV will be covering our sports coverage this spring. We plan to showcase baseball, softball, track and tennis. Volunteers needed.

Producers and Talent Wanted

OCTV is in need of producers and on-camera talent. Our production schedule is moving at a very fast rate and we need help getting our programs on the air. No experience needed for producers. On-camera talent will require auditions. Please call for more information.

Volunterr Appreciation Night

We are busy planning a night of food, fun and awards for our very special OCTV volunteers. Many of them generously give their time and talents to help us bring some of our best programs. Without their contribution OCTV would not be successful in serving our community. The banquet will be held at The Burning Oak Restaurant. The day and time will soon be announced.

AT&T U-Verse Signal Improvement

Our AT&T U-Verse signal will be much improved now that we have contracted with Windstream to install our dedicated T1 line. This direct service line will offer faster and a more stable signal. Viewers will notice better picture and sound quality with little to no interruptions. Our timetable for installation is 60 – 90 days.

New Equipment

Management and members of the cable commission technical committee, Buck Cryderman and Ed Henwick, are in the process of purchasing new editing systems for OCTV. There is a strong possibility of switching systems from a PC based format to MAC. We plan to have our upgrade on-line by June.

Live Streaming Shows

OCTV has broken ground with live - streaming programming. Our first show to launch our efforts was with Mortgage 101, featuring Lisa Dwyer. We successfully streamed the show onto our Facebook page where viewers were able to tune in. Later, we streamed The Garage, showcasing The Cold City Cowboys. The musical live-cast was viewed by several fans and local residents, all of them praising the achievement. OCTV now plans to live-stream many more studio shows.

Schedule Information

For program schedule information visit our website at occtv.org. Viewers will find our weekly and weekend program lineup which is maintained daily.

Film Camp

OCTV is gearing up for our very first children's film camp in August. Top industry professionals will be on hand to guide students through all of the necessary production elements that are required for making movies, Attendees will learn script writing, camera and lighting techniques, directing and acting.
